Statement

To whom it may concern:

We, Wondfo Biotech as the manufacturer of Wondfo 2019-nCoV Antigen Test (Latera flow method) with catalog number W196 (antigen tests for nasopharyngeal/oropharyngeal samples), W634 (antigen tests for nasal samples), W633 (antigen tests for saliva/sputum samples).

Declares that the above products are the same test that target N protein of novel coronavirus.

The only difference is the sample type that applied in the test. Required by the Wondfo Quality Management System, we have set different catalog numbers for the products with different sample types.

Regards,

Guangzhou Wondfo Biotech Co., Ltd.
